Allowable Subject Matter

1. Claims 8-14 and 18-23 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. The closest prior art, Sekisui Chem (JP 2001-150559), discloses a gel coat layer, an intermediate fiber-containing layer, and a fiber-containing laminate layer. However, the reference does not teach the short fiber lengths claimed by the applicant for the intermediate layer or teach the specific gel coat composition claimed by the applicant. For these reasons, it is the examiner's position that the claimed articles provide a novel and unobvious step over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melanie D. Bissett whose telephone number is (571) 272-1068. The examiner can normally be reached on M-F 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Seidleck can be reached on (571) 272-1078. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
